<p>Seamless switch between home mobile number and local mobile number at destination.</p>	<p>No wastage of foreign plastic SIM cards (and the paper packages)</p>	<p>No need to carry multiple phones.</p>

slimduet® Function

The slimduet® platform is a command center for global mobile service distribution based on Green-Roam's exclusive SIMoME slim SIM technology. Before going abroad, users purchase prepaid local mobile services by accessing the slimduet APP to obtain a local mobile bundled package through its over-the-air (OTA) download service. Upon reaching the destination, users will enjoy immediate connection to the local telecom services and remain online. Compared to traditional solutions, slimduet® service will help travellers avoid an unpleasant bill shock while providing a hassle-free user experience.

1. Install the slimduet SIM card
2. Download the APP
3. Activation
4. A notification SMS with user ID and password will be sent to your cellular phone.
5. APP homepage > type User ID and password > enable slimduet service.
6. Select destination.
7. Choose service plan
8. Service plan information
9. Buy > Payment
10. Please wait for download.

Business Model

slimduet® as MNO's Online Distributor

- MNO/MVNO uploads prepaid plans onto slimduet® Store
- slimduet distributes the prepaid plans online using Soft SIM download technology

MNO/MVNO as slimduet®'s Distribution partner

- MNO/MVNO orders slimduet® SIM and distributes through MNO/MVNO's stores and channels
